NITRO

THE COMPACT MULTI-FEATURE WAREWASH DISPENSER

The NITRO Warewash Dispenser bridges the gap between compact basic dispensers and feature packed units too large for small kitchens. NITRO has the versatility to be used with or without a probe from the same unit and the flexibility to be used on a single tank, door or conveyor machine. NITRO delivers premium features in a compact size with reduced installation and maintenance requirements that significantly lower the total cost of ownership.

- Probe or probeless operation from the same unit
- Compact splash resistant ABS enclosure
- Variable detergent feed rate for customised approach to concentration set point
- Password protected digital programming can be pre-programmed for faster installation
- Built-in rack counter
- Multilingual display - english, spanish, french and portuguese
- Pre-wired power supply to reduce installation time
- Wall mounting bracket for easy installation and removal
- Quick change pump cover for toolless tube changing
- Sanitiser pump easily integrated to the Nitro or Nitro Express
- Optional magnetic field reader for even faster and safer installation
- Optional inductive probe for hard water requirements

Smart. Safe. Green.
A new way to clean
